Important Payment Message for Automatic Deposit Payments

We would like to offer you an opportunity to receive payments by **ACH-Direct Deposit** instead of checks. Our goal is to convert all check payments to automatic deposit payments by December 31, 2014. However, should you decide not to convert to automatic deposit payment, you may retain the option of receiving your payment by check.

The benefits of direct deposit payments are:

- * **Prompt settlement-** A deposit is made directly to your bank account
- * **Improved controls-** No lost or stolen checks
- * **Detailed remittance information-** Listing all invoices paid

Please Enroll Today!

As a valued vendor, we are asking you to consider enrolling in our electronic payment program. To enroll, please follow the instructions below:
